

calcAndPrintHashStatus

```
graph LR; A[calcAndPrintHashStatus] --> B[calcChecksum]; B --> C[compChecksum];
```

A flowchart illustrating a sequence of three operations. The first operation, 'calcAndPrintHashStatus', is shown in a white box with a black border. A blue arrow points from this box to the second operation, 'calcChecksum', which is also in a white box with a black border. Another blue arrow points from the second box to the third operation, 'compChecksum', which is in a gray box with a black border. The boxes are arranged horizontally from left to right.
