

Ictm::BaseVideoDecoder

```
graph BT; A[Ictm::BaseVideoDecoderExternal] --> B[Ictm::BaseVideoDecoder];
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'Ictm::BaseVideoDecoderExternal'. A blue arrow points upwards from this box to a white box at the top labeled 'Ictm::BaseVideoDecoder', indicating that the external decoder inherits from the base decoder.

Ictm::BaseVideoDecoderExternal
