

Ictm::Serializer::emit
_picture_configuration

```
graph LR; A[Ictm::Serializer::emit_picture_configuration] --> B[Ictm::BitstreamPacker::u]
```

A diagram showing a call from the function `Ictm::Serializer::emit_picture_configuration` to the function `Ictm::BitstreamPacker::u`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

Ictm::BitstreamPacker::u
