Ictm::YUVWriter::write

```
graph LR; A[DecoderApp::push_base_enhancement] --> C[Ictm::YUVWriter::write]; B[DecoderApp::push_base_enhancement] --> C;
```

The diagram illustrates a call graph where two instances of the function `DecoderApp::push_base_enhancement` are shown on the left. Two blue arrows originate from the right side of each of these boxes and point towards a single box on the right labeled `Ictm::YUVWriter::write`. The target box has a gray background, while the source boxes have a white background.
