

nlohmann::basic_json
::diff

nlohmann::basic_json
::merge_patch

nlohmann::basic_json
::patch

nlohmann::basic_json::end

```
graph LR; A[nlohmann::basic_json::diff] --> D[nlohmann::basic_json::end]; B[nlohmann::basic_json::merge_patch] --> D; C[nlohmann::basic_json::patch] --> D;
```

The diagram illustrates a common endpoint for three different JSON manipulation functions. On the left, three white rectangular boxes are stacked vertically. Each box contains the text 'nlohmann::basic_json' followed by a function name on a new line: '::diff' (top), '::merge_patch' (middle), and '::patch' (bottom). Blue arrows originate from the right side of each of these three boxes and point towards a single gray rectangular box on the right. This gray box contains the text 'nlohmann::basic_json::end'. The arrows from 'diff' and 'patch' are diagonal, while the arrow from 'merge_patch' is horizontal.
