

vtm::CodingStructure
::create

```
graph LR; A[vtm::CodingStructure::create] --> B[vtm::PelStorage::create]; B --> B;
```

The diagram illustrates a function call. A grey rectangular box on the left contains the text 'vtm::CodingStructure::create'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'vtm::PelStorage::create'. Above the white box, a curved blue arrow starts from its left side and points back to its right side, indicating a self-call or a loop.
