The diagram illustrates a dependency or call relationship. Two source boxes on the left, both with white backgrounds and black borders, point via blue arrows to a single target box on the right. The target box has a gray background and a black border. The top source box contains the text 'vtm::OutputBitstream::addSubstream'. The bottom source box contains the text 'vtm::OutputBitstream::countStartCodeEmulations'. The target box contains the text 'vtm::OutputBitstream::getFIFO'.
