

vtm::QuantRDOQ::setFlatScalingList

```
graph LR; A[vtm::QuantRDOQ::setFlatScalingList] --> B[vtm::Quant::setFlatScalingList]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'vtm::QuantRDOQ::setFlatScalingList'. The right box is gray with a black border and contains the text 'vtm::Quant::setFlatScalingList'.
