

vtm::SPS::createRPLList1

```
graph LR; A[vtm::SPS::createRPLList1] --> B[vtm::RPLList::create]; A --> C[vtm::RPLList::destroy];
```

The diagram illustrates a function call sequence. A central box labeled 'vtm::SPS::createRPLList1' has two outgoing blue arrows. The top arrow points to a box labeled 'vtm::RPLList::create', and the bottom arrow points to a box labeled 'vtm::RPLList::destroy'.

vtm::RPLList::create
