The diagram illustrates a file dependency structure. At the top is a gray box containing the path to a header file: /media/erwan/T7/formation/Video/LTM/deps/base_evc/src/evc_decoder_mem.h. Below this box are two white boxes. The left box contains the path to a C++ source file: /media/erwan/T7/formation/Video/LTM/deps/base_evc/src/codec_api.cpp. The right box contains the path to a C source file: /media/erwan/T7/formation/Video/LTM/deps/base_evc/src/evc_decoder_mem.c. Two blue arrows point from the bottom of the left and right boxes to the bottom of the top box, indicating that both source files include the header file.
