The diagram illustrates a file dependency structure. At the top is a gray box containing the header file path: /media/erwan/T7/formation/Video/LTM/deps/base_avc/include/inject_annexb.h. Below it are two white boxes. The left box contains the source file path: /media/erwan/T7/formation/Video/LTM/decoder/src/BaseVideoDecoderJM.cpp. The right box contains the source file path: /media/erwan/T7/formation/Video/LTM/deps/base_avc/src/codec_api.cpp. Two blue arrows point from the bottom of each white box to the bottom of the gray box, indicating that both source files include the header file.
