

vtm::CU::isSameSlice

```
graph LR; A[vtm::CU::isSameSlice] --> B[vtm::Slice::getIndependentSliceldx]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'vtm::CU::isSameSlice'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'vtm::Slice::getIndependentSliceldx'.

vtm::Slice::getIndependent
Sliceldx
