The diagram illustrates a dependency or call relationship. Three source functions, each in a white box with a black border, are on the left. Three blue arrows point from each of these source functions to a single target function, 'vtm::TComHash::clearAll', which is in a grey box with a black border on the right. The source functions are 'vtm::TComHash::create', 'vtm::Slice::decodingRefresh Marking', and 'vtm::TComHash::~~TComHash'.
